

Outline Given On College at Commission Meet

Committee of 25 secretary William Grange Monday evening outlined the junior college situation in Twin Falls county to an unofficial meeting of the Twin Falls city commission. Grange made the presentation alone as the committee chairman was called out of town. After outlining the situation Grange asked that the city at its next regular meeting adopt a resolution to support the junior college movement. The city is greatly involved in the junior college movement because some of the funds which would be used to support a junior college would come from city money.

The 1963 Idaho junior college act provides that "there shall also be allocated to a junior college district and paid to the treasurer thereof 50 per cent of all the money apportioned by the state to the city or cities embracing all or a part of such junior college district out of the liquor control fund."

In other words, junior college supporters are talking about an estimated \$250,000 that the city or cities would go to such a district.

In all probability this loss would have to be made up by increasing the tax levy within the city.

Grange pointed out that there are some 3,344 high school students in Twin Falls county and 411 reside in school district 411. An estimated 50 per cent of Twin Falls students are enrolling in college. Pg. 2, Col. 4

Law Officers Will Attend FBI Session

Magic Valley peace officers will attend a session sponsored by the FBI at the Twin Falls city hall.

Frank Barnett, Twin Falls police chief, said approximately 30 city, county and state officers are expected to attend the meeting. Robert W. Evans, special agent in charge of the Montana-Idaho FBI district, will be in charge. He arrived from Butte, Mont., Tuesday.

Barnett said discussion will center on the fugitive felon act, a federal law dealing with the pursuit of felons who have crossed state borders, and the recently passed civil rights bill. The meeting will last from 9 a.m. to noon and continue from 1 to 3 p.m., Barnett said.

Farmers May Be Big Losers on Blockade

CHICAGO, Aug. 25 (UPI)—The American Meat Institute (AMI) said today farmers would be the big losers if a week-long livestock "holding action" continues to push meat prices up. The 23-state rebellion of the National Farmers Organization (NFO) against low livestock prices was in its seventh day as farmers kept their animals off the market, on-the-hoof livestock prices zoomed. There were charges that farmers were using violence and vandalism in the Midwest to keep livestock trucks out of the stockyards.

Blockade Has No Impact on Idaho Cattle

BOISE, Aug. 25 (AP)—The withholding of cattle from markets by the National Farmers Organization apparently has no impact on Idaho.

The organization, although it has Idaho as one of its 23 states, is operating, has only a few members in the state.

Neither the Idaho Cattle Feeders' association nor the Idaho Cattleman's association have indicated any interest in the effort.

"It is opposed to the philosophy of the free marketing of cattle," said Frank Shields, NFO executive secretary of the feeder organization.

Leon Weeks of the Cattleman's association said the idea of withholding cattle from market has not been considered in that organization. He said the NFO action wasn't affecting Idaho.

Idaho cattle are generally sold at local rather than Midwest markets.

Cleo Claws Southeastern Cuban Coast

KINGSTON, Jamaica, Aug. 25 (UPI)—Hurricane Cleo struck the southeastern Cuban coast today with 110 mile an hour winds and sent farmers fleeing into the Orinoco mountains.

The storm, which claimed 14 lives in sweeping across Guadalupe Island yesterday, channeled another within in Cuba early today. Havana authorities reported one man drowned and three were rescued when their boat overturned at El Santo, Oriente.

As Cleo veered slightly away from Jamaica during the night and headed toward the Cape Cruz peninsula, Cuban authorities rushed military vehicles to Oriente and Cienfuegos provinces to evacuate people and families from low lying areas. Tens of thousands of people were flown from Havana to the threatened southeastern provinces.

Some Demos Won't Show up at Meet, Civil Rights Dispute May Be Cause

ATLANTIC CITY, Aug. 25 (AP)—President Johnson won't get to the convention until Thursday after he is nominated. But some of the demonstrators, some of the biggest names among his fellow Democrats won't show up at all.

Most of the stay-at-homes are Southerners. And the old civil rights controversy may be something to do with their travel plans, or lack of them.

Some of the absentees are avowed segregationists. Some others, even though they support the national ticket, would rather forego the salt water taffy, the oratory and the good fellowship than risk involvement in any possible trouble on or off the convention floor.

STEPPING DOWN, Maj. Gen. Nguyen Khanh, left, resigned Tuesday as president of South Viet Nam. Maj. Gen. Duong Van Minh, right, probably will be brought back as caretaker chief of state. Khanh resigned after angry demonstrations by students and Buddhists for an end to dictatorial rule, but he still commands the army and remains head of the government. Minh led the overthrow of the Diem regime last Nov. 1. (AP wirephoto)

South Viet Nam's President Resigns

SAIGON, South Viet Nam, Aug. 25 (UPI)—President Nguyen Khanh resigned tonight as South Viet Nam was torn by student rioting and religious warfare. The violence that continued even after Khanh quit had strong anti-American overtones. Worst trouble center was the coastal city of Da Nang, 375 miles north of Saigon, where student leaders blamed American servicemen for causing riots that killed 19 and injured 70 others in religious battling that raged on into the night.

Reds Accuse U. S. of Congo Intervention

MOSCOW, Aug. 25 (AP)—The Soviet Union accused the United States and Belgium of intervention in the Congo and dropped a suggestion that it might come to the aid of communist-backed rebels fighting the regime of Premier Moise Tshombe.

A statement by the government news agency Tass said the Congo threatens to develop into a "hotbed of war" like South Viet Nam.

"The Congolese people have real friends in Africa, and not only in Africa, who will be able to render them necessary assistance," Tass said.

The statement, which Tass said was made with the authority of the Soviet government, accused the United States of wanting to suppress the Congo national liberation movement and turn the Congo into a stronghold for colonial powers in Africa.

"This, it said, would be a serious threat to the independence of many African states."

"More, the military occupation of the Congo by the imperialist powers would create another hotbed of war in the center of Africa."

The statement charged that the United States is moving in hundreds of paratroopers and heavy equipment into the Congo and accused the United States of launching military operations against the Congolese people.

3 Indonesian Invaders Killed

KUALA LUMPUR, Malaysia, Aug. 25 (AP)—The defense ministry announced today three more Indonesian invaders have been killed, bringing the total dead to 14. Forty-one others reportedly have been captured.

Authorities said the invasion force numbered about 100 heavily armed men. Indonesia has denied that it had anything to do with the Aug. 17 landing.

"Substantial Progress" Is Reported in Seating 2 Southern Delegations

ATLANTIC CITY, Aug. 25 (AP)—Democratic holsmen signaled today they are making substantial progress in trying to steer the party's 1964 convention away from a Southern storm that could rock President Johnson's good ship unity. Sen. Hubert H. Humphrey of Minnesota—here, there and everywhere in his efforts to keep the harmony Johnson wants—announced that he was "very encouraged" that a settlement could be reached in the sharp dispute over seating of two rival Mississippi delegations.

Idaho Demos Well Pleased With Party

ATLANTIC CITY, Aug. 25 (AP)—Idaho's two members on the Democratic platform committee—Rep. Ralph Harding and National Committeewoman Ellen Healey of Coeur d'Alene said yesterday they were "well pleased" with the party's 1964 campaign platform.

Harding said the committee accepted his amendment pledging continuous support from the party for multi-purpose projects providing flood control, irrigation and reclamation, power generation, fish and wildlife encampments and recreational benefits.

The congressman also helped praise on the committee for adopting an amendment taking a strong stand against so-called extremist groups such as the John Birch society, the Ku Klux Klan and the communist party.

Miss Healey said the platform "is exceptionally strong." She said it contained "outstanding planks" on foreign affairs, national defense, the economy in general and domestic matters.

400 Acres Charred in Hailey Fire

HAILEY, Aug. 25—Approximately 400 acres of hilly ranch land has been charred in a fire which Tuesday was reported "well burning, but under control."

The blaze started about 4 p.m. Monday and one-half miles into Hailey, on the Pete Mendota ranch, about four miles north of Hailey.

Forest service personnel fought the blaze until bureau of land management crews arrived. According to Hunter Nelson, area service manager for the forest service, some 50 Shoshone Indians have been brought in from the area to fight the blaze.

Twenty-five arrived about midnight, and another 25 arrived this morning.

The fire was being brought under control when strong winds at midnight fanned the flames. Nelson said. The blaze spread from the Hailey ranch to the Mendota ranch and came close to the Hailey water plant, four miles up Indian creek canyon from the Kenneth Buttram ranch.

Six loads of benthonite were sprayed over the fire by Reeder Flying service.

Jury Chosen For Burley Murder Trial

BURLEY, Aug. 25—After a day and one-half, a jury has been selected in the first degree murder trial of Elmer Reeder, 50, Raft River, being held in the Channery courtroom before Judge Lloyd Webb.

Reeder is charged with the fatal shooting last April 21 of Walter Toebes, area rancher. Seventy-eight persons were called for jury duty Monday and only 12 were left when the jury was finally selected by Tuesday noon.

Jurors were to be sworn in when court reconvened after lunch. Jurors include John Howard, Leno Gummerson, Betty N. Kenner, Ivan E. Lyons, Mary Ogata, George Whitelaw, Glenn W. Dick, Josephine R. Rigby, Don Harris, Gay Nelwer, Mrs. Raymond Hanson and Burley States. Alternate is Elvira Gloorfield.

MAKING WHIRLWIND ENTRY into the Democratic convention scene is Lucie Johnson, President Johnson's younger daughter. She wears an LBJ button and waves an LBJ hat as she moves through crowds on Atlantic City's Boardwalk Monday. (AP wirephoto)

Lucie Johnson Whirlwinds Into Meet

ATLANTIC CITY, N. J., Aug. 25 (AP)—Lucie Johnson made a whirlwind entry into the convention scene, dancing the frug, walking the Boardwalk and applauding the convention keynote.

The first of the Johnson family to arrive here, 17-year-old Lucie sampled lobster and frozen custard yesterday and looked over the oceanfront home her family is to occupy.

She seemed to find everything satisfactory and decided to go to work today with friends at the headquarters of Young Citizens for Johnson.

The President's daughter told "Teen-Dems" and Young Citizens anything they could do from "licking envelopes to running errands" would help her father's campaign.

She said she came to pitch in, too, because she realized "my generation has responsibilities."

Lucie put off the work for a while, though, to look over the sights.

She signed autographs, picked up LBJ buttons and went shopping in two stores along the oceanfront.

Her only purchase—a pair of \$6.95 rope and leather sandals, size 6, medium.

She probably will come in handy on the campaign job today. A teen-worker advised the President's daughter to "wear flat shoes and a dirty dress" when she reported for headquarters duty.

Candidate Kennedy Declared His Candidacy

NEW YORK, Aug. 25 (AP)—Atty. Gen. John F. Kennedy declared his candidacy today for the Democratic nomination to the U. S. senate from New York, a nomination considered already in his pocket.

Kennedy formally began his first campaign for elective office at the side of Mayor Robert F. Wagner, chairman of the Credentials committee, asking them to surrender their passes.

There was no immediate decision whether they would.

Pastore Raps Goldwater at Keynote Talk

ATLANTIC CITY, Aug. 25 (AP)—Sen. John O. Pastore called the Democrats to battle last night with an attack on Republican presidential nominee Barry M. Goldwater as a candidate with a "Trojan horse" program.

In an outburst of old-fashioned political oratory the diminutive Rhode Island senator served up a mixture of scorn and praise in a 30-minute keynote speech to the 34th Democratic national convention.

The Democrats loved every word. They interrupted with applause 53 times.

Pastore said the Republicans and their candidates were captives or reactionaries and extremists who offered the voters something akin to fanaticism while the Democrats offered experience and responsibility.

"And now they profess to offer a clear choice to the American people," he cried. "Oh, what a Trojan horse!"

Rainstorms Break Out in Central U. S.

By United Press International Heavy thunderstorms broke out today along the leading edge of a cool front moving into the middle of the country.

The line of storm activity extended from the upper Great Lakes region to the Texas Panhandle. Scattered thunderstorms also were reported from Arizona to Florida.

A hail storm covered the ground with ice about seven miles from Des Moines, Ia., Monday and a tornado unroofed two homes and destroyed a barn at Palestine, Tex.

Explosion of Fireworks in Mexico Kills 42

TOLUCA, Mexico, Aug. 25 (AP)—At least 42 persons were killed when a pile of fireworks exploded during a religious celebration here yesterday. Another 33 were injured.

Rescue workers, digging through debris in the village of Atlahuaca in central Mexico, said the toll of dead and injured might go higher.

Several tanks of inflammable gas. Authorities said they had not determined what set off the fireworks.

Hearing Set Wednesday on Relocation of Highway 30

BOISE, Aug. 25—Residents will have opportunity to express their views on the proposed relocation of highway 30 between Buhi and Pler at a public hearing scheduled for 2:30 p.m. Wednesday at the Buhi city hall.

Members of the state highway commission will attend. The proposal involves relocation and construction of an 8.1-mile section of two-lane highway and elimination of railroad crossings. The proposed location would overlay present highway 30 east of Buhi approximately two and one-fourth miles, then follow the Union Pacific railroad on the south side approximately three miles, where it would veer to the south, following Cedar draw

to a point approximately one-half mile west of Pler. Then it would overlay the Clover road east to its junction with present highway 30 at the southwest corner of Pler.

Sufficient right of way would be acquired for an ultimate four-lane facility. The proposed relocation of highway 30 from Cedar railroad crossing east and thence south to the intersection of Clover road and present highway 30 would be removed from the state highway system.

The proposal submitted for relocation of this stretch in 1957 has been withdrawn, state highway department officials report, and the new proposal is being offered instead.

First Mass Celebrated In English

ST. LOUIS, Mo., Aug. 25 (AP)—The United States' first complete, consecrated English language mass was celebrated yesterday before worshipping thousands in giant Kiel Auditorium.

The Rev. Frederick R. McManus, professor of canon law at Catholic university, Washington, D. C., said the traditional ceremony, church laymen and non-Catholic observers at the opening of the 25th annual liturgical conference.

The solemn, colorful occasion was a historic forerunner to the changeover from Latin to English in parish churches throughout the nation later this year.

Use of the vernacular in the mass was sanctioned by the Second Vatican council. Catholic bishops last April approved the use of English in the United States.

The massive convention hall was converted into a church for the celebration of the first English language mass.

East Texas Auto Crash Kills Nine

NOONDAY, Tex., Aug. 25 (AP)—Nine persons were killed instantly yesterday in a head-on collision between a car and a pickup truck during a rainstorm. An eight-year-old girl was the only survivor.

The dead included four persons from Texas and a father, mother, two daughters and a son from Illinois.

The accident happened on Texas highway 155 near Noonday, 10 miles south of Tyler in East Texas.

The department of public safety identified the dead as: Evelyn Redeker, 45, his wife, Carolyn Jane Redeker, 47; their daughters Alma Redeker and Beverly Redeker, and a 16-year-old son, all Millard, Ill., and Louis Edward Gill, 28, Winona, Tex., and Leon Ward, 45, William Davis Frizzell, 25, and Freddy Hammonds, 19, all Tyler.

The only person to survive was Gayle Redeker, 8. She was in critical condition at a Tyler hospital.

CADET ACCEPTED
KIMBERLY, Aug. 25 — Cadet Robert E. Hill, son of Mr. and Mrs. Hal E. Hill, Kimberly, has been accepted in the advanced corps of the air force reserve officer training corps program at the University of Washington.

SHOE REPAIR is one function of the maintenance platoon of Magic Valley's army reserve unit—company B, 372nd quartermaster battalion. From left, in back, Lieut. Col. Eugene F. Berry, Blackfoot, battalion commander, and Sgt. Evan D. Nelson, 2034 Miller avenue, Murley, look on as a shoe is stitched by Sp4 Rex Vandever, Paul. Company B is located in Twin Falls and the maintenance platoon trains at the Burley army reserve center. The unit currently is participating in annual active duty summer training at Ft. Lewis, Wash.

Scientists Find Large Undersea Mountain on Trip

WASHINGTON, Aug. 25 (AP)—Scientists have discovered an undersea mountain almost as tall as California's Mt. Whitney but its peak is still 3,800 feet below the surface of the Pacific Ocean.

The coast and geologic survey announced yesterday the discovery 175 miles south of Wake Island. Its ship, Pioneer, found the mountain while on a six-month scientific expedition to the Indian ocean.

The underground mountain rises about 14,130 feet above the ocean floor compared with the 14,495 feet above sea level for Mt. Whitney.

Encephalitis Cases Rise In Houston

HOUSTON, Aug. 25 (AP)—Houston has recorded 179 suspected encephalitis cases and the city health officer says a possibility exists that a major epidemic may occur.

Seventeen deaths have been attributed to the disease in the last 30 days.

As the number of suspected cases grew, the geographical spread of the disease—carried by mosquitoes—widened over the city.

"There is nothing like the concentration toward the center of the city that we saw in the early reports," Dr. C. A. Pigford, city health officer, said.

Free insecticides were to be distributed to all citizens at the city's fire stations today for use on private premises. Spraying and fogging of public areas was stepped up.

Mayor Louis Welch asked citizens to take their own containers to the closest fire station for the free insecticide and instructions on how to use it.

The city also prepared to buy a new fogging machine. Reinforcement of mosquito-control crews arrived and Dr. Pigford appealed to the county's medical men for information on their cases of encephalitis, popularly known as sleeping sickness, and meningitis.

Dr. Pigford explained that the additional 79 cases, reported since the presence of the disease became known last Friday, were reported largely by private physicians.

Unfair

WASHINGTON, Aug. 25 (AP)—A federal trade commission examiner ruled Monday that Topps Chewing Gum, Inc., didn't play fair in signing up almost every major league baseball player on its bubble gum-plastic promotion "legion."

Examiner Herman Tucker issued an order which would prevent Topps from signing any professional player to a contract that runs for more than two years. The order is not a final decision of the commission and may be appealed or docketed for review.

Probe Continues Into Cause of Utah School Fire

HELPER, Utah, Aug. 25 (AP)—Investigation continued today into the \$275,000 fire that destroyed the Helper elementary school early yesterday morning.

The Carbon county board of education met in emergency session during the day to decide where the same 350 pupils, who would have started classes Aug. 31, will be sent.

The 54-year-old structure caught fire about 2:30 a.m., and flames quickly raced through its 14 rooms.

Chief Louis Martinelli of the Helper volunteer fire department said, "It seemed to explode." He said about 12 volunteers were on the scene within minutes, but they could do nothing. By 4 a.m., nothing remained of the school but three outside brick walls.

Tuesday, Aug. 25, 1964 Twin Falls Times-News 3

If People Keep Eyes Open at Meets, Lots Can Be Learned

ATLANTIC CITY, N. J., Aug. 25 (AP)—If you keep your eyes open you can learn a lot at a political convention.

For example: The girls are wearing their bathing suits awfully small this year.

You may not have been paying much attention where you are, but here in Atlantic City the beach is right across the boardwalk from the big hall where the Democrats are having their convention.

If you look over that way you are bound to spot the trend. For one thing, the suits mostly come in two pieces.

The bottom piece starts down much lower than it used to. As

for the top one, well, they would have raided the old Howard theater in Boston if the girls had worn them there.

It kind of makes you wonder if Sally Rand will make any money in this town. The venerable fan dancer is here, charging admission for the same sort of show they have over the way for free.

She is to be followed by a more sedate group, the Beatles, who work with even their ear lobes all covered up.

Easter Seal Center Hosts State Leader

The new director for the Idaho Society for Crippled Children and Adults Sunday was taken on a tour of the almost-completed Twin Falls Easter Seal center, 1277 Laurel drive.

Bruce Whitaker, Boise, was shown the building and told about the services by the Twin Falls and Piller Jay-C-Ettes, who were hosts at the open house from 10 a.m. to 4 p.m.

Mrs. Gary Tougless, Twin Falls, was chairman of the open house and the building and guest book was donated by Jills of Idaho.

Only the driveway to the new building remains to be finished, according to Mrs. Merle Pierce, director of the local center. She emphasized that the center treats relatively minor impairments in speech and hearing as well as major ones.

Technique For Tonsillitis Is Explained

WASHINGTON, Aug. 25 (U.P.)—Use of super-cooled probes to take inflamed tonsils disappear in virtually bloodless surgery was described today by two New York doctors. The tonsils are cooled to temperatures as low as 76 degrees below zero Fahrenheit.

The doctors also told of other promising uses of cryosurgery—techniques involving use of extreme cold to kill diseased tissue or cutting it away.

The technique has been used in certain types of brain disorders, such as Parkinson's disease (shaking palsy), and in treating glaucoma, the eye disease, and certain types of cancer.

Dr. William C. Cahoon of the Sloan-Kettering Cancer center, and Dr. Irving S. Cooper of the department of neurosurgery at the Massachusetts hospital, told about the progress in reports to the first annual meeting of the Society for Cryobiology.

Launching of Test Rocket Is Postponed

GREEN RIVER, Utah, Aug. 25 (U.P.)—Launching of the first four-stage air force Altair missile was postponed early today at Green River, Utah's White Sands missile range test complex.

A spokesman for the missile systems division of Atlantic research blamed the postponement on downrange instrumentation problems.

The next scheduled launch was set between 9 p.m. Friday and 1 a.m. Saturday.

Three Altair rockets have been prepared for a 470-mile shot from Green River to New Mexico's White Sands missile range. Atlantic research said the trajectories have been designed to study re-entry environment.

The postponement marked the fourth attempt to launch the four-stage Altair this month.

The first attempt was cancelled because of bad weather. The other three were cancelled because of downrange instrumentation problems.

Atlantic research, who has joint launch responsibilities with the air force, said the air force postponed each of the launchings to insure that minimum safety requirements were being followed.

R. E. Goodnight Dies in Nevada

ELKO, Nev., Aug. 25 (U.P.)—R. E. Goodnight, 43, Elko, Nev., died Sunday afternoon in an Elko hospital of a heart attack. He was a long-time resident of Kimberly and Twin Falls.

He was graduated from the Twin Falls high school in 1929, and attended the University of Idaho, southern branch, Pocatello. He served in World War II and the Korean conflict as a lieutenant colonel, and later was a commander of the Nevada national guard. He had lived in Elko for the last nine years.

Surviving are his widow, Kay Goodnight; a son, John Goodnight, and a daughter, Anna Goodnight, all Elko.

Funeral services will be conducted at 10 a.m. Wednesday in Elko with military honors. Concluding services will be conducted at the Twin Falls cemetery.

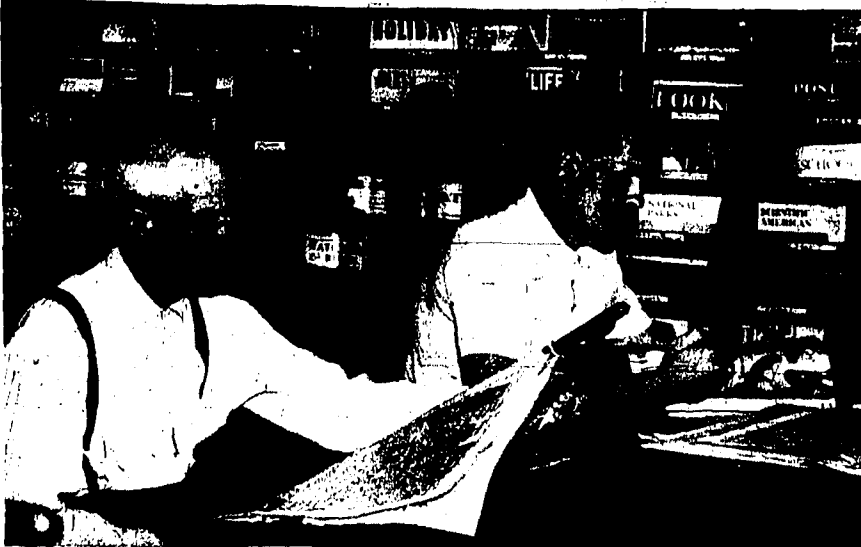

Proceeds under Life Insurance Policies Are Subject To Federal Tax

In many instances . . .

Proper planning can eliminate or minimize such tax. The tax laws are written to permit this saving.

TAKING ADVANTAGE of the scores of periodicals in the Twin Falls public library are, from left, Frank Perry, Tourist hotel, Twin Falls, and Gene Lewis, Gooding. Area residents have discovered publications for many specialized interests as well as more general ones. The library carries 17 newspapers in addition to 163 magazines. (Times-News photo)

Many Specialized Fields Represented In T.F. Library's List of Periodicals

Interested in collecting antiques or coins? Does customizing automobiles intrigue you? Or is learning about the latest techniques in gardening more along your line?

All of these specialized fields and many more are represented in the periodical section of the Twin Falls public library, 434 second street east. Altogether there are 163 magazines and 17 newspapers available, according to Mrs. Henry A. Jones, library secretary.

Of the magazine total, 75 subscriptions are donated by groups or individuals. "Through these donations we are able to provide many of the special-interest magazines," Mrs. Jones said.

For example, the Twin Falls Clinic donates "Today's Health," the Twin Falls Music club provides "Musical America," and the home economics department of Twin Falls high school pays for the subscription to the "Journal of Home Economics."

Some publications are donated by the publisher. "United Nations Review" is an example.

"We are always open to suggestions for new subscriptions," Mrs. Jones says. She notes that if a "reasonable number" of patrons show interest in a certain periodical, the library will generally begin acquiring it.

Enough demand started "The Antique Trader" and "Coin World" this year. Both are small publications with newspaper formats.

As could be expected, the periodicals checked out most are those that appeal to a variety of interests. These general magazines are "The Saturday Evening Post," "Life," "The Ladies Home Journal," and the major news magazines, "Newsweek," "U.S. News and World Report," and "Time."

Especially well-read by women is "Better Homes and Gardens," while "Friday" and "Brown" appeals to men. "Seventeen" to high school girls and "Tad and Custom" to high school boys.

Mrs. Jones says a major factor in magazines chosen by the library is the group of high school students that does reference work during the school term. "The library is crowded with students during school weeks," Mrs. Jones points out. "So we base our magazines a great deal on those listed in the 'Reader's Guide to Periodical Literature.'"

By the same token, students are considered when the library decides which magazines will be kept and which will be thrown away. News magazines are generally held quite long, Mrs. Jones notes.

"Newsweek" issues date back to 1920, "Life" to 1928 and "Time" to 1925. As a matter of record, the oldest library periodicals are those of "Harper's Magazine," some of which date back to 1854.

Another segment of readers, children, "like all of their magazines," smiled Mrs. Jones. The library subscribes to seven — "Child Life," "Jack and Jill," "Wee Wisdom," "Children's Activities," "Boy's Life," "Junior Natural History" and "Plays." The latter has a number of short plays that can be presented by children.

The library is not opposed to

carrying publications with strong political leanings. Mrs. Jones would welcome any donations for Republican or Democratic magazines.

She says some magazines are stamped "propaganda" by the library and it is made known that the library does not pay for the magazine. Such a publication is the "World Marxist Review" which terms itself the "theoretical and information journal of the communist and workers parties."

Newspapers, like magazines, may be checked out for three days. "The Times-News" and a number of area papers are available along with "The National Observer," "The Christian Science Monitor," "The Wall Street Journal," "The New York Times," "Sunday edition," "The Salt Lake Tribune," "The Idaho Daily Statesman," "The Portland Oregonian" and "Human Events," a weekly report of news from Washington, D.C.

Some of the most prolific periodical readers in the area, according to Mrs. Jones, are Mrs. Roderick Overfield, 1832 Granada drive; Mrs. Hugh Phillips, 1604 Eleventh avenue east; J. W. Donowitz, 1223 Fremont drive, and Mrs. Garland J. Gibbs, Kimberly.

These persons have found a fascinating world in the printed page of the periodical and "we hope that many other area residents can take advantage of the service," says Mrs. Jones. "We are always open to suggestions about what the public would like to read and we don't know what they want unless they indicate their tendencies to us."

Bureau to Meet
WENDELL, Aug. 25—Gooding County Farm Bureau will meet at 8 p.m. Wednesday at the Wendell club room. This is a postponed meeting because of the Jerome fair.

The resolutions turned in will be discussed. Members wishing to turn in more resolutions to be considered, may do so. The public is invited. Refreshments will be served.

Gem Meet
WENDELL, Aug. 25—The Magic Valley Gem club will meet at 8 p.m. Thursday in the Wendell city hall.

Mr. and Mrs. Hugh Denton, Burley, will present the program.

JOURNALIST DIES

Big Building Is Left in Street Center

CHENEY, Wyo., Aug. 25 (U.P.)—More than 300 tons of two-story brick building was in the middle of a Cheyenne street yesterday, and it appeared the structure would be there for awhile.

Movers started to roll the Prangos building, mounted on dollies, yesterday, but one of the two seven-ton trucks supplying the power broke down shortly after the building was dragged into Carey avenue, one of the main thoroughfares.

"I'd say it'll be at least 24 hours before we can try it again," City Engineer Thane Baldsch said. "We'll have to get another towboy—the biggest one available."

The building is believed to be the largest ever moved in the Rocky Mountain area.

The movers went to work at 2 a.m. yesterday, but a series of setbacks kept the rolling from starting until 10 a.m.

The first setback came when a dolly baler broke on the first attempt to move the building at 3 a.m.

Welders repaired the dolly with torches.

Another start was made after a wheel fell into a sink hole. The workmen jacked the

building up and inserted block supports in the hole.

By then it was 8 a.m. and time for breakfast. At 10 a.m. it looked like everything was set to go. Then a towboy truck dragged and had to be raised with jacks. Next a pin in the apparatus connecting the towboy to the tractor broke.

Another tractor was rolled in, but then workmen discovered beams on the towboy trailer were broken.

The movers called it a day. The big building had been moved 10 feet.

Salmon River Examined for National Plan

SALMON, Aug. 25 (U) — The assistant director of the bureau of outdoor recreation, U.S. Fish and Wildlife Service, today examined the river for a national plan.

Underhill, who completed a look at Idaho's Salmon river, under consideration for designation as a wild river.

Underhill said such a designation would protect the river from mining claims and construction of dams for power.

He took a jet boat trip to Salmon falls in the primitive area and walked up a few of the side streams during the past week. He also visited the Connelly pass area on the Montana line and took a horseback trip into the Bighorn Crags in the primitive area west of Salmon.

Underhill described the Salmon as a "wild river" and "an impressive stream" important to anadromous fish.

"People are attracted by steelhead and salmon fishing and the rugged grandeur of the Salmon," he said.

Underhill said the bureau has made studies in detail of 12 rivers, and investigations of others, including the Salmon. He said it plans to make recommendations for inclusion of specified streams in a national system of wild rivers like the system of national parks.

"Setting aside a wild river is not irrevocable," he said. "But damming a river is nearly irrevocable."

Demos Try to Keep South For Johnson

ATLANTIC CITY — Aug. 25 (U) — Presidential leaders, fearing their 1964 convention, cautiously may have put Sen. Barry Goldwater's "southern strategy" in jeopardy for the second time in nine months.

The strategy, rooted in the idea Goldwater can win most, or all of the Old South's 128 electoral votes this fall, collapsed last November when President Lyndon B. Johnson, southerner, succeeded the slain John F. Kennedy.

The notion enjoyed no more than a shaky revival until the Republicans nominated Goldwater for president at San Francisco, whereupon it shot up like a bullet in a humid July Southern town.

Yet here in Atlantic City a base has been laid for making Johnson not merely mentionable but a possible winner in much of the South.

There were grave dangers, but the President and his strategists seem to have skirted them.

The loyal Johnson southerners are getting what they want. They now can ask their voting friends to "live with" the temporary setbacks exhibited by their national party under the tight guidance of Lyndon Johnson.

In Texas, Louisiana, Arkansas and Tennessee, "live with" the setbacks exhibited by their national party under the tight guidance of Lyndon Johnson.

News Around Idaho

BOISE, Aug. 25 (U) — The Idaho Public Utilities commission has taken a neutral position in the proposed merger of five railroads into a single 25,000-mile system. Two of them, the Great Northern and the Northern Pacific, serve the northern part of the state. Commissioner A. O. Rhedden said the commission had taken no position either for or against the merger, and would not oppose it. "It involves us so little," he said.

CAMBRIDGE, Aug. 25 (U) — Patrons of the Cambridge school district yesterday approved a \$212,000 bond issue to finance construction of a new elementary school. A total of 223 ballots were cast in favor of the issue, to 77 against. A two-thirds majority was required for passage.

BOISE, Aug. 25 (U) — The Idaho Education association yesterday called results of a study as proof that the state's school districts are in direct competition with their neighboring western states for teachers. The study, by Idaho State university, showed that 85 per cent of teachers who leave Idaho take teaching jobs in the 10 other western states, and 70 per cent of them in the six states bordering Idaho. It listed three major reasons for the teacher exodus: "low salaries, poor working conditions and lack of community support." Of teachers who left the state after the 1962-63 school year the study showed that 21 per cent went to Washington, 19 per cent to Oregon, 16 per cent to Utah and 11 per cent to California. Next in line were Nevada and Montana.

BOISE, Aug. 25 (U) — A first half dividend of 10 cents per share of common stock has been declared by directors of the Boise Cascade corporation. R. W. Hurlburt, vice president of the lumber products firm, said first half income of 4.1 million dollars was 37 per cent higher than during the first six months of 1963 and that total sales of 10 million dollars were 11 per cent above those for the same period last year.

NAMPA, Aug. 25 (U) — Idaho dedicated today a new 1.25 million dollar medical and care center at the Nampa state school which authorities say will put the state in the lead in the treatment and rehabilitation of the mentally retarded. An open house to show visitors the new modern facilities and the rest of the institution that serves about 700 persons followed the dedication speech by Gov. Robert E. Smylie. The one-story brick structure, designed in the form of a cross, houses a laboratory for research and diagnosis of disorders associated with mental retardation, a modern X-ray department, a modern laboratory, a modern kitchen, a modern hospital facilities for the treatment of conventional ailments. It also provides new office and examination rooms and wards for chronic and disturbed patients and includes the latest equipment for physical therapy.

CALDWELL, Aug. 25 (U) — Three persons were sentenced to 60 days each in the county jail on morals charges yesterday in the wake of a police raid on a Caldwell residence. Lucille Mae Estes, 25, pleaded guilty to keeping a house for immoral purposes, Juanita Simeal, 22, to vagrancy and prostitution and John T. Cumby, 36, to vagrancy by residing in a house of ill fame. Officers raided the home Saturday night after a Nampa man received calls on the arm in a fight there.

BOISE, Aug. 25 (U) — The Boise city council last night postponed action on a request for a franchise to bring television programs to southwest Idaho from Salt Lake City with a cable system. David O. Casper, Arden City franchisee and Charles R. Hedges, asked the council to approve the franchise. Byron Johnson, Boise city attorney, said they estimated a minimum investment of \$10,000 and proposed a charge of \$4.00 per month for each customer. They asked exclusive right to install and operate their equipment in Boise for payment of three per cent of the net revenue. Councilman Harold W. Jones moved to deny the request, but withdrew the motion. He said the setup would detract from two stations operating in Boise without "any sizable financial investment."

BOISE, Aug. 25 (U) — Police failed again yesterday to locate a 70-year-old Dallas Port, Wash., man missing for three days after slipping off a train in Boise. Elmer McKinley got off the train late Friday night, telling a porter he would catch a Saturday morning train. But he did not appear. City police and sheriff's officers said he had no known relatives or friends in the area. They have been aided in their investigation by a railroad special agent.

POCAHELLO, Aug. 25 (U) — Idaho's congressional delegation was asked today by the Pocahellico Chamber of Commerce to stop the navy from what the chamber terms discrimination against Pocahellico in favor of Idaho Falls. In letters to U. S. Sen. Frank Church and Sen. J. Bennett Johnston, Idaho's senators, the chamber president, said the navy is discriminating against Pocahellico by sending navy personnel at the naval reactor testing station to Idaho Falls and not to Pocahellico. "Discrimination shown to this community, a further imposition will be made by closing the navy dispensary in Pocahellico," Hertzog wrote. "This will require all the servicemen and their dependents to go to Idaho Falls for medical treatment. Without medical care here, there soon would be none. The impact of closure in Pocahellico would mean a \$50,000 loss of public school funds and would practically paralyze an already faltering financial situation. There would be a devastating business loss to Pocahellico, the letter said.

Former T. F. Man Dies of Mishap

Mike Nixon, son of Mr. and Mrs. Wayne Archer, 182 Park street, Twin Falls, died in a fatal hospital Sunday night of complications from burns received in an industrial accident.

He fell into a vat of black lacquer in a paper mill where he was employed, about two weeks ago. Mr. Nixon, a graduate of the Twin Falls high school, was a priest in the LDS church.

In addition to his parents, survivors include his widow and one child. Funeral services will be held at 10 a.m. Thursday at Longview, Wash. Last rites also will be conducted in Longview.

X-15 PILOT Joe H. Engle, a captain in the air force, will be guest speaker at a banquet at the Ponderosa Inn in Burley, his appearance is sponsored by the Burley Squadron of the Air Force association.

X-15 Pilot Will Appear at Burley Meeting Wednesday

BURLEY, Aug. 25 (U) — Capt. Joe H. Engle, X-15 pilot and astronaut, will speak at a banquet at the Ponderosa Inn in Burley, his appearance is sponsored by the Burley Squadron of the Air Force association.

Captain Engle is a pilot of the X-15 experimental rocket research plane and a graduate of the aerospace research pilot school at Edwards air force base, which turns out pilots and project officers for manned space programs.

He was a member of the third class of 10 handpicked pilots to get diplomas May 31, 1963, for completing the highly advanced seven-month course. Before that the X-15 pilot had to spend months at a flight test pilot school at Edwards air force base, after going through the school's eight-month experimental flight test pilot course April 19, 1962.

Captain Engle, who was born Aug. 26, 1932, in Chapman, Kansas, was chosen to attend that course after four years of flying P-107 Super Sabres with the 300th tactical fighter squadron at George air force base, Victorville, Calif.

Included were 10 extended trans-Atlantic flight airtight flights to Spain, Italy, Germany, France and England. He also flew four Super Sabres to the royal Danish air force at Karup, Denmark, and four others from Germany to the Kansas air national guard at Wichita.

The X-15 pilot and astronaut is sponsored by the Air Force association's Burley Squadron. Tickets for the banquet may be obtained at the Durley Chamber of Commerce office, Hanzel Motor or Ponderosa Inn.

Graduating into the MIA from the Primary was Barbara Blodard, Julie Cope, Lorinda Dille, Becky Gumm and Lucinda Trammel. Participating in the ceremony were Mrs. V. F. Perron, representing the Primary; Mrs. Lawrence Stump, representing the MIA, and Bishop J. O. Simpson.

Greg Beck, son of Mr. and Mrs. James Beck, received his Duty to God award, with Bishop Simpson making the presentation.

A special musical number was presented by John Larson, Louise Griggs, Jill Thorne, Juanita Harris, Karen Hansen, Joyce Johnson and Debbie Harris. Mrs. Velma Allen was director with Karen Dille as accompanist.

Speakers were Richard and David McKelvie and Robert Barlow, Bountiful, Utah.

CLASSES HELD
ELBA, Aug. 25 — Robert Atwood, water color artist from Tucson, Ariz., visited the studio of Mrs. Lovina Tuttle this week and viewed her many paintings. Atwood is conducting art classes now in the Albion vicinity.

TEACHER RETURNS
MILTA, Aug. 25 — Reid Alfred, Raft River high school vocational agriculture teacher, has returned home after spending the past month at the University of Idaho, where he attended summer school.

Funeral Is Held For Mrs. Halley

Funeral services for Mrs. Lola Ruth Halley were conducted Tuesday in the Reynolds funeral chapel by the Rev. Eugene Florka.

A duet was sung by Anita Sando and Susan Thompson. Organist was Mrs. John Birrell.

Palbearers were Duane Schrank, Ernest Marlow, Alton Young, F. H. Hays, Paul Mosley and Vernon Riddle. Concluding services were held at the Sunset Memorial park under the direction of Twin Falls chapter No. 30, Order of Eastern Star.

Mrs. Fred Montgomery, worthy matron, and Earl Goodson, worthy patron, in charge.

Designer Says Fall Fashions Need Jewelry

NEW YORK, Aug. 25 (AP)—Nothing succeeds like the success of proper accessories to go with the new fall and winter fashions.

To succeed without really too much trying, various accessories in the field offer these style ideas.

Take jewelry, for instance. It's a Chanel with again for fall, Gabrielle Chanel, the veteran fashion designer who's copied the world over in both jewelry and ready-to-wear, continues to inspire others. Look for her pendant in numerous variations.

It is "perhaps the most important necklace" in costume jewelry reports the jewelry industry council. It shows an thin chain with small stones, or as bulky chains set off by bold medallions set with colored stones.

The Chanel influence also shows in return of the antique watch, either real or reproduction, and an heirloom look to many necklaces with cabochons set on chains.

Plaques are outsize and many are styled with the heirloom look also. They're meant to be worn not only on a lapel or center front of an otherwise unadorned dress but also at the belt, on a sleeve, or attached to a necklace.

Because of the "little" or "no" sleeve styles in fall clothes, necklaces and rings should be an important accessory. Bracelets are the thin bangle variety, five or six to be worn together, or wide, cufflike jobs.

MR. AND MRS. RONALD SANDE
(Shir Morita photo)

Catholic Rites Unite Arlene Reis, Sande

PHILADELPHIA, Aug. 25 — Arlene Marguerite Reis, daughter of Mr. and Mrs. Bernard J. Reis, 1810, and Ronald Dean Sande, son of Mr. Frances Sande, 1110, and Arlene Sande, 1110, were united in marriage at a nuptial mass Aug. 8 in St. Edwards Catholic church.

The double ring ceremony was performed by the Rev. Thomas Taylor before an altar decorated with brass containers of lavender.

The bride, given in marriage by her father, wore a floor-length gown of organza over tulle with silk embroidery trim on the sleeve and bodice. The gown featured tiny point sleeves, tiny buttons at the waist and a large taffeta bow at the waistline.

The bride's nook veil of imported illusion was held by a textured pillbox of tulle and lace. She carried a cascade bouquet of white and pink chrysanthemums centered with a lavender orchid and accented with orchid illusion net. For tokens of sentiment, she had a penny in her shoe and wore the traditional blue garter.

Mrs. Sidney Heinsdorf, sister of the bride, was matron of honor. She wore a floor-length gown of lavender crystal charm with an embroidered bodice and short sleeves. She carried a satin basket filled with carnations and elfe roses.

Bridal attendants were Judy Thurman, Mrs. Ronald Pierce and Sharon Wier, Vista, Calif. They were attired like the matron of honor. Each carried a satin basket filled with pink carnations.

Dallas Thompson, Elk, Wash., was best man. Uehara was Sidney Heinsdorf, brother-in-law of the bride, Bernie Jay Reis, brother of the bride, and Charles Potter.

After boys were George Leonard, Jack Huston, Mark Huston, Michael Ochaner, Brooks Graves and Charles Graves. Connie Rene was organist and accompanied Nancy McParlane, soloist.

The bride's mother chose a three-piece ensemble of beige linen knit over green with matching accessories and a corsage of gold cymbidium orchids. The

bridegroom's mother wore a maroon-colored dress with white linen duster and maroon and white accessories. She wore a pink rose corsage.

Mrs. Pierre Sande, the bridegroom's step-mother, wore a two-piece blue knit dress with a corsage of white gladioli accented with silver.

A reception was held in the parish school. The bride's table was covered with a nylon eyelet cloth with a flounced skirt trimmed with lavender bows. The table was centered with a four-tiered wedding cake decorated with lavender and topped with a miniature bride and bridegroom. The base of the cake was encircled with flowers of orchid and daisy.

The bride's table was flanked by silver candelabra holding lavender tapers. A crystal punch bowl and silver coffee service completed the table appointments.

Mrs. Harvey Van Burne, aunt of the bridegroom, served the cake. Mrs. George Kimmert presided at the coffee service and Mrs. Kenneth Park served punch. Penny Bernard registered the guests and Helen Kauffman displayed the gifts.

The bride changed to a three-piece pink knit suit with white accessories and the orchid from her bridal bouquet for her traveling ensemble.

The bride was graduated from Fier high school in 1963 and attended UCLA dental assistant college. Sande, a 1960 graduate of Twin Falls high school, is a veterinarian student at Washington State university, Pullman. The couple will reside in Pullman.

A miscellaneous shower honoring the bride was given by Mrs. Kenneth Park and Mrs. Heinsdorf. Mrs. Carl Leonard, Mrs. Kimmert and Mrs. Gary Asen-drup were hostesses for a luncheon shower at the Leonard home. Mrs. Pierce, Miss Thurman, Miss Wier and Miss Bernard hosted a shower at the Bernard home.

PREBAPTIST SLATED

KING HILL, Aug. 25 — Plans were made for the Boise Presbytery at a meeting at the home of Mrs. Lynn Sherman. The

Presbytery is slated for Sept. 8 at the King Hill United Presbyterian church. A dinner is slated at 8 p.m. with Mrs. Sherman as chairman.

LaRae Little, Wilson Wed in Boise Ceremony

WENDLELL, Aug. 25 — LaRae Little, Boise, daughter of Mr. and Mrs. Marion Little, Wendell, and Calvin Ray Wilson, Boise, son of Mrs. Vera Bergstrom, Caldwell, and Ray L. Wilson, Oklahoma City, Okla., were united in marriage Aug. 1 in the Boise LDS 13th ward chapel.

Bishop Ralph Marsh, performed the double ring ceremony before a congregation of 150. The couple recited vows under an ornamental archway trimmed with apricot and white gladioli and greenery.

The bride, given in marriage by her father, was attired in a white street-length gown of peau de soie and Chantilly lace. The gown featured a sculptured neckline, fitted bodice with deep quarter-length sleeves of French Chantilly lace and a shirred cummerbund of peau de soie.

The skirt of peau de soie was held in back by three self-made bows revealing a lace skirt.

A small crown of seed pearls held her shoulder-length bouffant hand rolled veil. She carried a cascade bouquet of yellow roses, white carnations and fern accented with white ribbon and frosted net arranged on a white Bible. The Bible was a gift from her brother and sister-in-law, Mr. and Mrs. Lloyd Little.

As tokens of sentiment, she wore a blue garter borrowed from her sister-in-law, Norma Little, a heirloom pendant belonging to her mother, a ruby and diamond ring set in gold, a green and a penny in her shoe.

Julie Strickling, Wendell, was maid of honor. She wore a street-length gown of lavender satin featuring a sculptured neckline, cap sleeve fitted bodice and a skirt of unpressed plaids. She carried a cascade bouquet of yellow carnations and fern with white ribbon and frosted net.

Gary Wilson, Boise, brother of the bridegroom, was best man. Jay Little, Burley, and Lloyd Little, Wendell, brothers of the bride, were ushers.

The bride's mother wore a blue sheer dress with red accessories. The bridegroom's mother chose a beige three-piece ensemble with tan and brown accessories. Each wore a white carnation corsage.

The bridesmaids of the bride's paternal grandmother, Mrs. Chloa Little, Boise, and the bridegroom's maternal grandmother, Clara Sagan, Caldwell, were enhanced by corsages of white carnations.

Guests were greeted at a reception in the recreation hall of the church. Mrs. Earl Stephenson, Boise, was in charge of the guest book.

Mrs. Lloyd Little, Wendell, and Jackie Little, Boise, cousin of the bride, arranged the gift table. Debra Lowe, Caldwell, cousin of the bridegroom, and Ann Bankhead, Hansen, and Kelly McCoy, Jerome, cousins of the bride, received the gifts.

The bride's table, covered with a linen tablecloth and lavender net ruffle, was centered with a three-tiered cake. The bottom tier of the cake was three cakes joined with luscious hearts. The cake was decorated with lavender roses and white doves. The cake was topped with three lace trimmed bells with forget-me-nots and white ribbon entwined down a center pillar.

Other table appointments included white candleholders with lavender tapers.

Mrs. Grant Bankhead, Hansen, aunt of the bride, and Mrs. Merlin Casteel, Boise, cut and served the cake. Mrs. Jay Little, Burley, sister-in-law of the bride, poured punch.

For her wedding trip, the bride

Garden Club Members Select Fair Theme

PHILADELPHIA, Aug. 25—Garden club members chose their fair theme and discussed arrangements and costumes at the home of Mrs. Robert Lerman.

Mrs. Edward Reibert is chairman of the artistic booth for the club, assisted by Mrs. Earl L. Lue and Mrs. Lerman.

Guests were Mrs. Neal Allen and daughter, Janet Lerman and Mrs. Lue.

Refreshments were served. Mrs. Ernest Peck was assistant hostess.

Social Events

Mentor club will meet at 2 p.m. Wednesday at the home of Mrs. Walter Miller. Mrs. Les Bowen is co-hostess.

KING HILL—United Presbyterian Women will meet for the annual picnic Wednesday afternoon at Hill Memorial park. Glenn Perry, hostesses are Mrs. Clara Finlayson and Mrs. Jack Craig.

Goodwill club will meet for a potluck at 1 p.m. Wednesday at the city park.

changed to a three-piece blue knit suit trimmed in beige and tan and the white carnation corsage from her bridal bouquet.

The bride was graduated from Wendell high school and Twin Falls Business college. She is employed by Stravell-Paterson, Boise.

The bridegroom was graduated from Caldwell high school, served two years of active duty with the naval reserve and is employed by Day and Pack Electric and Plumbing, Boise.

The bride was honored with a personal shower given by Sharon Stephenson and Wanda Casteel.

Out-of-town guests attended from Palm Springs, Calif.; Wendell, Hansen, Jerome, Burley, Hazelton, Twin Falls, Mountain Home, Caldwell and Emmett.

The couple will reside at 3318 Boise avenue, Boise.

Club Convenes

SHOSHONE, Aug. 25—How to pick flowers and show them at a county fair was the program topic at the Magic Grange Home Economics club meeting at the home of Mrs. Paul Zancroff. Mrs. Louis Couch was program chairman.

TRY TIMES-NEWS WANT ADS FOR FAST-SELLING RESULTS

Karla Terry, Young Wed in Garden Rites

BOULDER, Aug. 25—Karla Terry, daughter of Mrs. Hyrdene Terry, Buhl, became the bride of Larry Young, son of Mr. and Mrs. Glen Young, Shoshone, in double ring wedding rites solemnized in a garden ceremony July 20 at the home of Mrs. Beatrice Johnson, Buhl.

The Rev. Robert Hurrell, pastor of the Buhl First Baptist church, performed the nuptials. The couple recited vows under an ornamental archway trimmed with apricot and white gladioli and greenery.

The bride, given in marriage by her grandfather, Fred Fransen, Blair, Neb., wore a princess styled street-length gown of white nylon over bridal tulle, fashioned with a scooped neckline and short sleeves. A panel of intricate lace design accented the front of the gown and a self fabric bow created an empire bodice effect. A queen's crown embellished with seed pearls released her veil of sheer illusion.

The bride carried a white Bible topped with an array of apricot-colored rosebuds adorned with satin bows.

Tony Terry, sister of the bride, was maid of honor. She was attired in a sleeveless sheath street-length gown of apricot-colored satin fashioned with a cowl collar. White accessories and a green orchid corsage completed her ensemble.

Diane Young, Shoshone, brother of the bridegroom, was best man.

The bride's mother wore a pink dinner dress with matching accessories. The bridegroom's mother chose a blue dress with matching accessories. Each wore a corsage of white carnations.

A reception was held following the ceremony in the fellowship hall of the First Baptist church. The bride's table featured a white lace tablecloth under-scored with green and centered with a four-tiered wedding cake.

The cake, laced in white, was highlighted with heart-shaped lilies, clusters of wedding seed trim, clusters of wedding bells and apricot-colored rose-

MRS. LARRY YOUNG

buds. The cake was topped with a miniature bride and bridegroom under an arch of tulle rosebuds and lilies of the valley. Tulle and apricot-colored rosebuds surrounded the base of the cake. Hurricane lamps with apricot-colored spiral tapers, encircled with floral arrangements of white and apricot-colored rosebuds, flanked the cake.

The cake, baked and decorated by Marjorie Reed, Twin Falls, was cut and served by Mary Jones. Peggy Hopkins presided at the coffee service and Carol Brewer poured punch. Gifts were displayed by Dixie Harmon, Debbie Harmon, Marion Metzler, Linda Robertson and Justin Young. Jeris Eckert registered the guests.

Other reception assistants were Mrs. Beatrice Johnson, Mrs. Dean Gilbert, Mrs. William Miller, Mrs. Veri Jacobson and Mrs. Charles Harmon.

The bride's traveling ensemble was a beige summer suit with blue accessories, enhanced with the apricot-colored rosebud corsage from her bridal bouquet. The couple will reside south of Buhl.

The bride is a senior at Buhl high school. The bridegroom is a graduate of Buhl high school and attended Idaho State university. He is employed at

Statistics Say Pictures Worth 1,000 Words

NEW YORK, Aug. 25 (AP)—A picture is worth 1,000 or more words when it's a status symbol, a socially accepted way to boast—or when the subject ranks as one important to you for emotional reasons.

Dr. Dominick Barbara, New York psychiatrist, puts it this way:

"A photograph, particularly the kind taken in studies by professionals, is as accurate an image of a person as we can have. Looking at it recalls associations with that person. It strengthens our memory of him. And these thoughts reinforce his influence on our lives."

Dr. Barbara, author of such books as "Your Speech Reveals Your Personality" and "The Art of Listening," explained that one example of this is parents having a photograph of themselves taken for a good to take to college.

Another example: A husband displaying his wife's picture on his office desk.

"If the college girl props her parents' photograph on her dorm dresser, she's bound to be reminded of their trust in her on what may be her first experience living away from home," Dr. Barbara said.

"In the case of businessmen, a photograph of a loved one represents the reason they put up with the tensions, disappointments and frustrations every business person experiences."

The psychoanalyst said photographs also give a person a socially accepted reason to boast.

Blissdale warehouse, Buhl.

Out-of-town guests attended from Blair, Neb., Twin Falls, Shoshone and Buhl.

The bride was joined at a pre-nuptial kitchen shower held at the Joe Hill Robertson residence hosted by Linda Robertson, Candy Robertson and Miss Hopkins.

Magic Valley Favorites

EOLA L. FISHER
Box 94, Dais

- Sun Glow Pickles
 - 12 ripe cucumbers
 - 5 large onions, or pickling onions.
 - 3 cups vinegar
 - 1 cup water
 - 2 cups sugar
 - 2 teaspoons each, celery seed and white mustard seed
 - 2 teaspoons turmeric, or enough to give pickles a golden color.
- Peel cucumbers and cut in chunks, removing seed. Slice onions if large ones are used or leave pickling onions whole. Boil overnight in one cup salt and four cups cold water. In the morning, drain well and add other ingredients and cook for five minutes. Pour into jars and seal. Do not overcook.

WALKING AND BLOOD PRESSURE

Q. I have high blood pressure. I walk to and from work. Is walking bad for the blood pressure?

A. Walking brings into play many adjustment mechanisms, especially with regard to the blood vessels. The effect of walking at a moderate pace on existing high blood pressure would probably be slight. However, strenuous exercise might override the adjustment mechanisms and cause harm. It is well to keep in mind that mild exercise is generally a stimulant to circulation and basic body functions.

PUBERTY PROBLEM

Q. What can be done for a 14-year-old boy whose breasts have begun to enlarge. He is very self-conscious about this?

A. Breast enlargement at puberty is said to occur in about 80 per cent of boys. In most cases the enlargement is scarcely noticeable. A medical examination is called for when the enlargement is pronounced. Treatment may or may not be in order.
